

# Reaching a Generation

## PLEASE PRAY

### EPIC

We are trusting God to take EPIC to a new level, please pray with us that it would continue to grow as a platform to reach young people.

### SCHOOLS MINISTRY

This year we are releasing a number of leaders to minister into schools. Please pray that we would have open doors to the schools that God has given us.

### CONNECT GROUPS

As our Connect Groups continue to grow, we are trusting God to take our leaders to a new level of faith, skill, and ministry. Please pray with us as we minister that God would move mightily in the lives of our leaders, equipping them to more effectively reach, disciple and impact young people.

### FAMILY

Jason, Noah, & I are settled into our new home. Please trust God with us that our home would be a place of God's presence and peace for our family and children without family.

## Looking Back... Looking Ahead...

### Looking Back

2011 was an incredible year of pioneering new things. We saw 5 new Connect Groups start, pioneered by emerging leaders many from our youth ministry. We also began a new community development initiative called Adopt-A-School. We began ministering in two different schools through this initiative and saw the promise of much more impact to come. Also, we started a new ministry to "tweens" called Young Covenanters. Kids aged 11-14. The aim was to help bridge the gap between Primary School and High School. What an impact we saw here! God has truly used this to develop new leaders, reach young people, and catalyze discipleship in our youth.

We are so thankful to God for an incredible year of his favour and fruitfulness!

### Looking Ahead

2012 promises to be an exciting year of establishing and expanding that which God has begun. We are trusting God for multiplication in our Connect Groups- that God would continue the momentum that he has already started here. We have an incredible team of leaders who will be taking on more leadership through our different initiatives. We are so expectant to see their giftings emerge and grow as they step more fully into the call of God on their lives. We will be releasing leaders to lead, pioneer, grow and expand the following initiatives: our monthly EPIC event, our weekly Young Covenanters meetings, our

Community development program: Adopt a School.

It is an exciting moment when you release the leaders that you have been walking with and developing. Trust God with us that they will run with His favour in their areas of ministry.

### Family

Over this year, our family have also gone through some significant changes. Noah turned one, also began walking (though not in that order), he then began climbing, running and releasing havoc!! He is a constant source of joy to us, and also laughter as we enjoy his antics. It has been such an adjustment as he develops through the different phases, but what a pleasure as well.

We have also bought our first home. We finally moved in in December (though we still feel like we are settling in, and patiently await the arrival of a couch). We are looking forward to the year, and years ahead in this home

which has already been such a blessing to us!

### So Thankful

We are constantly aware of just how much you, as our partners do to enable us to make the impact we are having in the lives of High School students in Cape Town. We are constantly grateful for your prayers, support and encouragement. We hope that God will continue to bless you for your faithful support of all that we do. Thank you so much for the invaluable role that you play in our lives.

*Jason, Jessica & Noah*
