

DISCIPLESHIP CLASSES

Are you looking to grow in your faith? Join us for our newest round of discipleship classes, to be held Wednesday evenings from 6:30-7:45 at Grace on March 11th, 18th, 25th and April 8th, 15th & 22nd.

BASIC TRAINING

When you first begin a relationship with Jesus, it can seem like everyone else in the church knows what to do and how to do it. You hear people talk about listening to the Holy Spirit, reading the Bible, praying and worshiping, knowing who they are in Christ, growing in their faith, and being equipped---and honestly, you're not really sure what that all means, much less HOW to do it!! And sometimes, even if you have been a Christian for a while, you have struggled to hear from God and read His Word and be obedient. It seems like everyone else "gets it" and you are missing something. If either of these scenarios describes you, this class IS FOR YOU! God desires to truly know you and to help you know Him the same way. He wants to talk to you and He wants you to talk to Him. His heart is for you to become more like His Son, Jesus, and to give you an abundant, purpose-filled life. And He wants you to share His love with the world around you, to give to others what He has given to you. In this class, you will learn HOW God begins to develop these things in your life. He has given us "equipment" to train us in knowing Him and growing our faith and being strengthened to run the race that He has planned for us. Like basic training is essential for those who join the military, this class is essential for those who want to experience all that God has for them! This 6-week class is taught by Heidi Potter.

MOVING INTO MATURITY

The Bible is God's Word. It's all true and it will always be true. The problem we run into is that we all read the Bible through the filter of our understanding. One of the ways we mature as believers is by learning to increasingly see things the way God does instead of the way the world does. This class is aimed at shaping the way we think... and the way we understand what the Bible has to say. There are so many truths that become twisted or even lost because of wrong perspective. We will study to grasp not just the Word, but the heart behind it. These are some things we will talk about: Growing from Milk to Meat, Revelation from the Holy Spirit, The Power of Obedience, Becoming Mature Sons and Daughters, Covenant Relationship, Agape Love, and others. This 6-week class is taught by Ted Kepner.

Classes/childcare will be provided for registered children (up to 5th grade).
